

Mobile Manager App

- View real time information the go, such as total sales, number of new customers seen and number of services sold.
- Stay informed as to which employees are clocked in as well as their up-to-the-minute performance metrics.

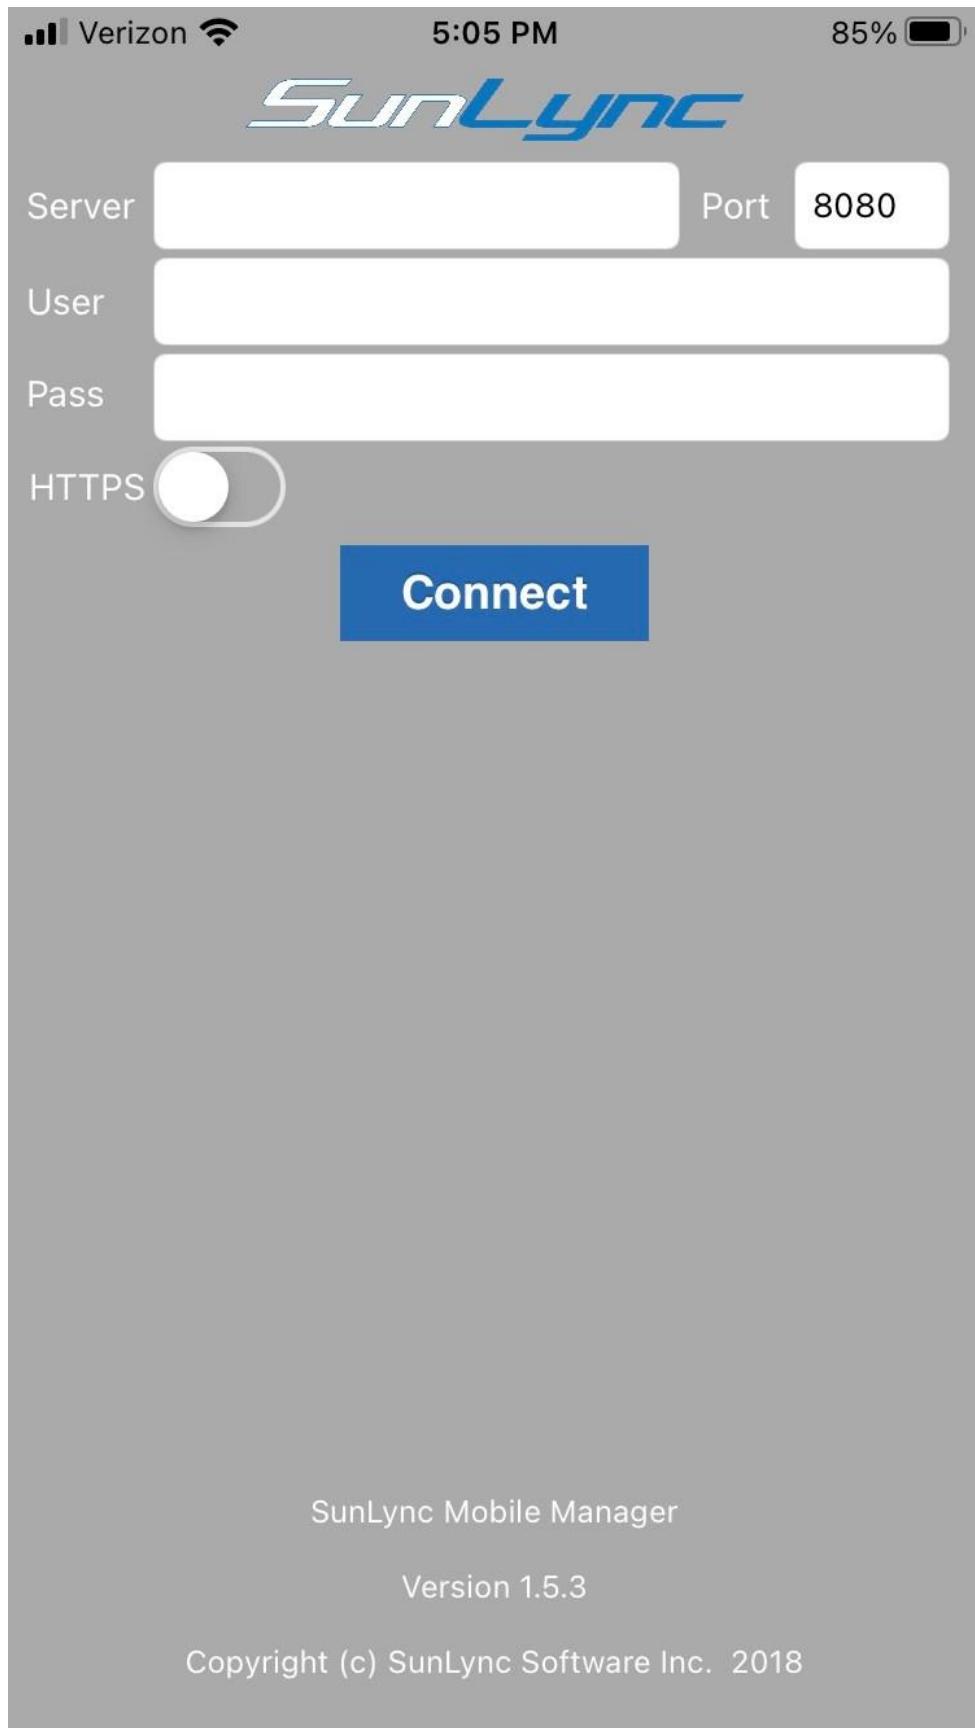

With SunLync Mobile Manager salon owners and staff can view real time salon information for each of their salons. Quickly see which salons have hit their daily, weekly and monthly sales goals. Keep an eye on which employees have clocked in, view equipment statuses, employee service appointments and stay informed with the push notification feature.

A light version of SunLync's Elync system is also included for staff communication.

To log into the Mobile Manager App, you will need to provide the IP address and port number of the computer running the SunLync API. Your username and password is the same as you use to log into SunLync Back Office.

* The Mobile Manager App is only available on iPhone devices, iOS 11.0 or later.

*** Minimum requirements include running SunLync Version 9.1.0.2 and SunLync API version 5.0.4.6 or higher. ***

Margaret Smith 2/16/18
New beds arriving today!
E Team... very excited that we have some new beds arriving later today. Thank you all for your help getting these ordered. >

Margaret Smith 2/16/18
Broken glass
E It looks like we have some broken glass in the back. Please be careful cleaning it up and make sure customers avoid that area. >

Joe Nelson 2/16/18
Staff meeting
E Hi Team,
We are going to plan a staff meeting the last Tuesday of March >

Joe Nelson 2/16/18
Great job!
E Great job yesterday during the visit >

Jamie Owens 2/16/18
